Join us Monday through Wednesday, August 2nd through 4th (rain date August 5th) for the inaugural camp led by our WRHS Boys Soccer coach, Alberico De Pierro and his staff. Inside look at HS training!!

**Wood-Ridge Athletic
Complex (WRAC)**

Techniques and Skills to become an elite soccer player and the future of our WRHS Soccer program!

First and foremost, I welcome you to the inaugural Primavera Soccer Clinic being offered to the Wood-Ridge soccer community. Just so you know a little bit about me, my name is Alberico De Pierro and I have been the Wood-Ridge High School soccer coach since the inception of the program in 2013 and I take utmost pride in that and in what we have built in less than 10 years. Prior to becoming the program's first head coach, my soccer career spans back to the age of 5 when I was living in Italy and began playing in the youth system in Genova, Italy and this is where the name of this clinic comes from. The word "Primavera" literally means Spring, however in the Italian soccer world Primavera is the term used for a professional club's youth system. My goal with this clinic is to begin to create the youth system of the future for the High School Program. I hope you will see that our methods, our philosophy, and our European training methods bring out the best in your son or daughter and show them how beautiful this game truly is!

REGISTRATION INFO

Please make the \$135 check payable to the WRHS Boys Soccer Booster Club and deliver to: Alberico De Pierro, 317 Belleville Avenue, Bloomfield, NJ 07003

Payment due by no later than July 19, 2021

Here are just a few key things to know for this Clinic:

- This will be for boys and girls grades K-8;
- We will be using the beautiful WRAC Soccer Field, August 2-4, 2021, 9am to noon (August 5th will be the rain date if necessary);
- COVID & Social Distancing Guidelines: 1) EVERYONE MUST pre-register and any questions should be EMAILED to me in advance (at least 3 days);
- Group size will be limited to 25 kids MAX. If you would like your camper to play up or down a group, please indicate this when you register online. However, I reserve the right to adjust groups based off the recommended ages outlined above in order to ensure everyone can participate in camp AND that I adhere to 25 kids MAX in one group. I will do everything I can to accommodate your camper, however with the COVID guidelines, I cannot promise anything. I will communicate what group everyone is in at least 3 days before camp starts and if you are unhappy with the group, you cannot request a refund;
- It is very important for everyone to be ON-TIME for drop-offs & pick-up;
- The Clinic will be geared to demonstrate each player, regardless of their age and skill level, what the European training methodology truly is about. We will be focusing on the mental and technical aspect of the game, while always remembering to show each child why the game is known around the world as the beautiful game;
- Shirts and soccer balls will be provided at the clinic for each child but please make sure your child has shinguards and the proper shoes; and
- In the event there is a GOOD chance of a thunderstorm in the area, parents should IMMEDIATELY come back to the field to possibly pick up their child. I will be checking the weather the day before or and the morning of camp to check the weather. If I need to cancel, I will email everyone at least 1-2 hour before camp starts. You MUST check your emails before you leave for drop-off.
