CEREMONIAL PRESENTATION:

Mayor Sarlo read the following and presented of Certificates to Wood-Ridge U9 Stricker’s Soccer Team:

This past fall sports season, our borough had a number of Wood-ridge Soccer Club "Strikers" teams playing competitively within the Northern Counties (NCSA) travel soccer league, one of those teams, a newly formed girls U9 group finished with an undefeated record of 10-0-1, winning their "F" flight! This is a young and talented group of athletes who have a very bright future ahead of them in all sports, but especially in soccer. To provide some context, the birth year for a U9 age level within Northern Counties is 2013, amazingly on this roster of fourteen players, only six girls are born in 2013, the rest are born in 2014 and one is even born in 2015. In their first ever season, they were playing in a flight with teams that have played together previously and many of those teams were a full roster of girls born in 2013.

They began the season in September with a 3-3 tie against a good River Dell team that finished right behind us, taking second place in the flight. From that point forward, the girls won ten straight games, giving up only three goals along the way. The girls finished with 48 goals scored and only 6 against, the next closest team in goals against had 14. We should also note that in their first ever tournament together, The Halloween

Minutes of the 1878th Regular Meeting of March 2, 2022

"Spooktacular" on October 23rd in Lyndhurst, they played three games, winning the first two by scores of 6-1 and 2-1, tying the third 0-0. This was yet another amazing performance by this group of girls and coaches, it was also a really fun experience for the players and their families!

What this team accomplished this fall is nothing short of spectacular, a true achievement that should be celebrated! This group is following the path laid out before them by past Wood-ridge and Moonachie girls soccer players and they are helping pave the way for the next wave of girls who will soon be ready to take the field!

All of the girls on this team also play within the Wood-ridge/Moonachie recreation soccer program, in fact greater than 95% of our Wood-ridge Soccer Club Strikers players also played recreation or high school soccer this fall, a true testament to those volunteers who work behind the scenes in both programs! Great things ahead for our children that are involved in our town soccer programs!

**Evaluation Report of the Borough of Wood-Ridge
Request for Proposals (RFP) for a
Food Services Concessionaire/Commercial Kitchen Operator
at the Wood-Ridge Athletic Complex**

Prepared by: Christopher W. Eilert
Borough Administrator & Qualified Purchasing Agent
Date issued: February 22, 2022

The Borough of Wood-Ridge issued a Request for Proposals (“RFP”) pursuant to New Jersey Local Public Contracts Law N.J.S.A. 40A:11-1 et. seq. to utilize Competitive Contracting for the procurement of a food services concessionaire to operate the commercial kitchen at the Wood-Ridge Athletic Complex. The RFP was issued on December 10, 2021 and Addendum #1 (the only addendum) was issued on January 11, 2022. The Wood-Ridge Mayor and Council authorized the use of Competitive Contracting and approved the contents of this RFP via Resolution 139-2021 at its public meeting held on December 1, 2021.

RFP Response Deadline: February 3, 2022 at 10am

Respondents to the RFP:

1. Annabella’s Fine Foods Inc.
2. North Jersey Hospitality Group LLC
3. Skopos Hospitality Group

Methodology for evaluating and ranking submissions per the RFP:

1. Amount of monthly rent proposed
2. Qualifications, abilities, and experience of the operator
3. Ability to provide the “Refreshment Stand Function” as required
4. Nature of the Commercial Functions proposed
5. Ability to integrate the proposed Commercial Functions with the required Refreshment Stand Function in a complementary and harmonious manner
6. Responsiveness and compliance with the specifications and requirements of this RFP

Evaluation:

The three (3) entities listed above submitted responses in accordance with the deadline and mandatory document submission requirements of the RFP. There were no other responses and no responses were disqualified.

1. Amount of monthly rent proposed:

Annabella’s proposed a monthly rent of \$800 plus 2% of gross revenue. North Jersey proposed variable monthly rents of \$550 for 5/22 - 2/23, \$600 for 3/23 - 2/24, and \$650 for 3/24 - 12/24. Skopos’ proposed a monthly rent of \$1,000 plus 2% of gross revenue. I issued scores based on the proposed rent differences as follows: Annabella’s = 2, North Jersey = 1, Skopos = 3.

2. Qualifications, abilities, and experience of the operator:

All three entities are current restaurant operators with experience and skill in operating restaurants and providing catering and related food services. Therefore, I judged all three entities equal in this category and issued identical scores as follows: Annabella’s = 3, North Jersey = 3, Skopos = 3.

3. Ability to provide the “Refreshment Stand Function” as required:

Annabella’s experience includes running a restaurant, providing catering, and running the snack stand for the Hasbrouck Heights Little League. North Jersey’s experience includes running a restaurant and providing catering and delivery service. Skopos’ experience includes running 6 restaurants, providing catering and delivery service, and running a snack stand for a marina. All three proposed similar menus for the “Refreshment Stand Function” that fit with the sample menu contained in the RFP.

I judged Skopos to have the superior ability to provide the “Refreshment Stand Function” due to the large scale of their current business operations. I believe that Skopos’ experience managing multiple locations and a large staff makes provides the highest assurance that the Kitchen will be properly stocked, staffed, and operated. Additionally, it will also provide a readily available source of additional staff for large events at the Complex. I judged Annabella’s and North Jersey to have equal ability to provide the “Refreshment Stand Function”. Therefore, I issued scores as follows: Annabella’s = 2, North Jersey = 2, Skopos = 3.

4. Nature of the Commercial Functions proposed:

Annabella’s proposed to not have a Commercial Function but left open the possibility of establishing one in the future. North Jersey proposed a Commercial Function of a ghost kitchen to prepare and distribute food via walk up customers, online carryout and delivery via its website, 3rd party delivery orders via Doordash and Grubhub, and carryout and delivery via phone orders. The Commercial Function would be from 11am-9pm daily 7 days per week in Spring, Summer and Fall and 5 days per week in the winter. Skopos proposed a Commercial Function of a catering kitchen for off-site catering, a commissary kitchen to support its restaurants, and the possibility of a ghost kitchen for its Dottie’s Chicken Sandwich concept. The Commercial Function would be from 9am-3pm Monday to Friday with potential hours on the weekend to support off-site catering.

I judged Skopos to have a superior proposed Commercial Function compared to North Jersey because its functions require less days and hours of operation, which will be less wear and tear on the Kitchen facility. Additionally, I believe its functions will attract less vehicular traffic and less people on site. Annabella’s must be scored lowest in this category because they did not propose a Commercial Function. Therefore, I issued scores as follows: Annabella’s = 1, North Jersey = 2, Skopos = 3.

5. Ability to integrate the proposed Commercial Functions with the required Refreshment Stand Function in a complementary and harmonious manner:

Based on the proposed Commercial Functions described above in category #4, I judged Skopos to be superior in this category because I believe that its proposed functions will have minor schedule and operational conflicts with the peak Complex Activity time periods of weekdays from 6pm-10pm and weekends from 9am-5pm. For example, the commissary kitchen operation will occur between 9am-3pm which is a time period when there aren’t any Complex activities on weekdays. Additionally, I do not foresee any conflicts with a catering function that is planned and scheduled in advance and is that is primarily a weekend service performed by Skopos staff for a minimal number

of deliveries to off-site locations. I believe that deliveries and/or pickups for catering service will produce far less vehicular traffic than deliveries and/or pickups for individual retail service. In comparison, I believe that North Jersey's proposed functions will have major schedule and operational conflicts with the peak Complex Activity time periods of weekdays from 6pm-10pm when retail delivery service is in high demand. I'm also concerned that its emphasis on pickup and delivery service, and particularly on 3rd party delivery services, have the potential to create a number of negative impacts on the Complex on weekdays from 6-10pm including excessive traffic in and out of the Complex, monopolizing the parking lot spaces intended for parents attending their children's sporting events, double parking by delivery drivers and pick up customers in the travel lanes and fire lanes of the parking lot, and speeding and careless driving by 3rd party delivery drivers who are unfamiliar with the Complex and the community.

It must be noted that Annabella's, by proposing to not have a Commercial Function, at least initially, assures that there will not be any conflicts with the activities of the Complex. However, there is no way to prospectively judge this category for Annabella's should they implement a Commercial Function in the future. Therefore, I issued scores as follows: Annabella's = 2, North Jersey = 1, Skopos = 3.

6. Responsiveness and compliance with the specifications and requirements of this RFP: North Jersey's proposal contained a number of requirements that either were not contemplated in the RFP or disregarded the specifications, terms, or conditions mandated in the RFP. The requirements are that the Borough (A) pay for the manufacture and installation of a total of 4 business signs for 4 locations (front of building, rear of building, Passaic Street, Kennedy Lane); (B) agree to a "Right to Sell" clause in the contract that would allow the operator to "sell the whole or portion of the kitchen operation" and require the Borough to "transfer the remainder of the lease to a future purchaser"; (C) agree to add a web link for the operator to the Borough website and provide lists of residents and households to the operator to distribute menus and marketing materials; and (D) provide 6 reserved parking spaces in the parking lot for the operator.

The Borough's RFP does not contain any provisions nor make any representations that could be construed as being accommodative or open to operator's requirements (hereafter "OR-") A and C as described above. Additionally, as to OR-A, the Article VI of the RFP contains a starred note that directly states that any equipment, fixture, content, etc. not included in the list of the contents of the Kitchen is the sole responsibility of the operator. I believe that this makes clear that the Borough is not interested in providing nor paying for business signs for the operator. As to OR-B, I believe that such a provision would violate the local public contracts law. I also believe that it is contradictory to 1) the numerous references in the RFP (Articles XI and XII; Pages 2 and 3 of the Mandatory Submission Check List) to the fact that the operator will be responsible for a lease period of a minimum duration of 34 months and 2) Article XIII Section B4 of the RFP which expressly prohibits subletting or subleasing of the facility or portion thereof. As to OR-C, I do not know if it is lawful; nonetheless, I don't believe that the Borough should be contractually obligated to assist a private business in its marketing. As to OR-D, Article XIII Section B3 of the RFP expressly states that operator's vehicle parking is not permitted in the parking lot without the

permission of the Borough. As to all four of the operator's requirements, I also note that both Pages 3 and 4 of the Mandatory Submission Check List require a signature acknowledging and agreeing that the operator will comply with any and all terms and conditions of the Borough and that the respondent did sign both pages under said stipulation.

Annabella's and Skopos did not include any requirements in their proposals that conflict with the specifications, terms, or conditions mandated in the RFP. Therefore, I issued scores for this category as follows: Annabella's = 3, North Jersey = 1, Skopos = 3.

Final Score:

The total of the scores I gave to each proposal in each of the 6 criteria are as follows:

- Annabella's = 13 points
- North Jersey = 10 points
- Skopos = 18 points

Ranking:

My ranking of the 3 respondents based on the scores I gave their proposals is as follows:

- #1 = Skopos
- #2 = Annabella's
- #3 = North Jersey

Recommendation to the Mayor and Council:

I recommend that Skopos Hospitality Group LLC be awarded the contract because it achieved the highest score and is ranked #1 based on my evaluation of the three proposals and in consideration of the specifications, terms, and conditions contained in the RFP.

Contract terms and conditions:

The contract shall be drafted to reflect the specifications, terms and conditions contained in the RFP and Addendum #1, both of which shall also be made a part of said contract. Additionally, the responses, representations, and offered rent and revenue sharing made by Skopos in its submitted proposal shall also be incorporated into said contract.
