EXHIBIT A

Proposed Amendment

Note \*\*\*\*\* on Page 5 of the Redevelopment Plan is amended to read as follows:

“The Borough has determined that the redevelopment of the District in a manner consistent with the Redevelopment Plan will generate school aged children and facilities for such children must be provided at the time of or before the development within the District. Accordingly, the Redeveloper shall set aside an area not to exceed two (2) acres within the District to serve as the location of a new grade school. The location of the new grade school shall be proximate to the open space recreational area and parking to promote shared use of the facilities. The property set aside for the school shall be included in the overall acreage of the redevelopment for purposes for the purposes of calculating density permitted for the overall site, in the same manner that the open space to be set aside is also included for calculating density. Alternately, the Borough and the Redeveloper may agree that the Redeveloper or the Borough may acquire a site acceptable to the Borough that is located outside the District if such site is within the Borough and is particularly suited to serve as the location of a new grade school. Factors such as lot size, location and community access shall be given consideration if it is determined that a location outside the District is preferred. The cost of the provision of a new grade school, whether acquisition, construction and renovation, shall be addressed in the negotiation or amendment of a redeveloper agreement between the Borough and the Redeveloper.”
